## A MESSAGE FROM THE Visit Rainier President

**Winter at Mt. Rainier** offers downhill skiing and snowboarding at Crystal Mountain Resort and White Pass Ski Area. Snowshoeing and snow play at Paradise is an incredible opportunity to witness winter at its greatest. Winter is not only for snow enthusiasts at Mt. Rainier. Much of the region is located well below the normal winter snowline, which means you can hike amazing old growth forests and river valleys. Since the majority of hikers visit in the summer months, you are likely to have the trails all to yourself. Keep in mind that access to the National Park and area roads is subject

to winter closures, so please double check road status before heading to your destination.

Mt. Rainier National Park is one of the crown jewels of the National Park System and a true treasure of the nation. At VisitRainier, we're here to help you get the most out of your visit to the Mt. Rainier region, whether you're visiting for the first time or the 50th. We're your go-to resource for experiencing this incredibly diverse region—from snow-capped mountains and glaciers to deep river valleys, rain forests, ski resorts, scenic drives, trails, meadows, waterfalls, vistas, gateway communities and much more. Lodging options. Recreational activities. Area events. Restaurants. Trails. And beyond. We keep tabs on it all for you.

See ya on the slopes this winter. If you have any questions or comments, we'd love to hear from you at [info@visitrainier.com](mailto:info@visitrainier.com).

Dee Patterson is the President of the Board and a founding board member of the nonprofit tourism organization, Visit Rainier. He is the General Manager for Crystal Mountain Hotels and enjoys living and working in the Pacific Northwest.

## Visit Mt. Rainier National Park – we're open for winter!

While areas of the park close during the winter, many areas remain open for winter fun. And fun you'll have this winter. From skiing, tubing and snowshoeing, to hiking, wildlife viewing and gondola rides, there are many winter adventures waiting for you. Whether you visit the park itself or the surrounding areas, you'll find a lot of fun activities to enjoy this season – some of them blanketed in winter's magical white powder.

## 2 Go Wildlife Watching at Northwest Trek

Bison and wolves and bears, oh my. While a visit to Mt. Rainier may not always present you with an opportunity to see wildlife in their natural habitat, Northwest Trek Wildlife Park is a sure thing. This massive 725-acre wildlife park tucked away in the forest near Mt. Rainier is the best (and safest) way to see over 200 North American animals from 30 different species, including owls, beavers, bobcats, cougars, lynx, elk, bears and beyond. Whether you take a leisurely walk through the trails or hop on the popular 45-minute tram tour, this is an experience you and your kids will not soon forget.

### Experience Kids' Trek—NEW at Northwest Trek

Families are such a big part of Northwest Trek that they built Kids' Trek—one of the largest outdoor playgrounds in the state, just for kids and their imaginations. This new, nature-inspired playground encourages kids to learn about the natural world while releasing some of their boundless energy. With Kids' Trek, plus a Zip Wild adventure course and year-round family events, this is a place built for family fun.

The Mount Tahoma Trails Association operates and manages the largest no-fee Hut-to-Hut Trail System in North America for cross-country skiing and snowshoeing. Approximately 50 miles of trails, 20 miles of which are groomed, provide safe and easy access to 3 ski huts and a yurt. Trails vary from novice to expert, are well signed and are patrolled by an all-volunteer ski patrol. Enjoy the trek for a day or overnight destination in the Ashford area. The trail system is accessed by two Washington State Sno-Parks and although plowed regularly, snow tires and chains may be needed to access the trailheads. Visitors with dogs are welcome on the South District MTTA Trails which grant access to High Hut, Bruni's Snow Bowl Hut and Yurt Side, but dogs aren't allowed in the warming huts, mudrooms, or vestibules. It can be bitter cold at night so visitors may want to consider leaving their dog with a friend at one of the dog-friendly lodging properties in Ashford, or at a kennel.
