A MESSAGE FROM THE Visit Rainier President

Winter at Mt. Rainier offers downhill skiing and snowboarding at Crystal Mountain Resort and White Pass Ski Area. Snowshoeing and snow play at Paradise is an incredible opportunity to witness winter at its greatest. Winter is not only for snow enthusiasts at Mt. Rainier. Much of the region is located well below the normal winter snowline, which means you can hike amazing old growth forests and river valleys. Since the majority of hikers visit in the summer months, you are likely to have the trails all to yourself. Keep in mind that access to the National Park and area roads is subject

to winter closures, so please double check road status before heading to your destination.

Mt. Rainier National Park is one of the crown jewels of the National Park System and a true treasure of the nation. At VisitRainier, we're here to help you get the most out of your visit to the Mt. Rainier region, whether you're visiting for the first time or the 50th. We're your go-to resource for experiencing this incredibly diverse region—from snow-capped mountains and glaciers to deep river valleys, rain forests, ski resorts, scenic drives, trails, meadows, waterfalls, vistas, gateway communities and much more. Lodging options. Recreational activities. Area events. Restaurants. Trails. And beyond. We keep tabs on it all for you.

See ya on the slopes this winter. If you have any questions or comments, we'd love to hear from you at info@visitrainier.com.

Dee Patterson is the President of the Board and a founding board member of the nonprofit tourism organization, Visit Rainier. He is the General Manager for Crystal Mountain Hotels and enjoys living and working in the Pacific Northwest.
